DOCUMENTING THESE REVELATIONS BEFORE THEY FADE

Even our wiz kids, our Mod Squad Marketing Team, were puzzled by this newest submission from the Starving Artist formally known as Emil and one went as far as to ponder if Emil really could see what he calls “Worlds Within Worlds” or if this was a side effect of the relapse of his Red Curry Pancake Paste Addiction that made him see these awfully strange things. I didn’t have the time nor did I desire to take on the liability of knowing how Emil had acquired a HFM (Harmonic Frequency Modulator) on

the Dark Web that allowed him a limited ability to modify his own body's harmonic, magnetic frequency to actually peer into these inner worlds.

From what Emil stated in an off-the-record, sidebar discussion, these black market HFM Devices are read (view) only – or at least, the cheap ACME Heavy Industries version he bought was.

The truth, I will leave to his fellow brothers of the Jesuits of Truth to debate and weigh judgement on.
